Curriculum Vitae

Gabriele Villarini

Vice Dean, School of Engineering and Applied Science

Theodora Shelton Pitney Professor in Environmental Studies

Professor, Department of Civil and Environmental Engineering and High Meadows Environmental Institute

Princeton University

WORK ADDRESS

Civil and Environmental Engineering
Princeton University
E418 Engineering Quad
Princeton, New Jersey 08544
Office: (609) 258-3761
E-mail: gvillari@princeton.edu
Personal Webpage: http://www.gabrielevillarini.com

RESEARCH INTERESTS:

Hydrometeorology, climatology, extreme events, hurricanes, atmospheric rivers, seasonal forecasting, applied statistics, remote sensing of rainfall.

EDUCATION:

May 2018:	Executive MBA, Tippie College of Business, the University of Iowa (With Distinction).
May 2018:	Certificate in Leadership, Tippie College of Business, the University of Iowa.
August 2008:	Ph.D., Department of Civil and Environmental Engineering, the University of Iowa.
July 2003:	Degree in Civil Engineering, Universita' degli Studi "La Sapienza", Rome, Italy.

THESIS:

- *"Empirically-Based Modeling of Radar-Rainfall Uncertainties."* The University of Iowa, Iowa City, USA.

- *"From Measurements to Modeling: the Use of NEXRAD Weather Radar for Hydrological Applications ".* Universita' degli Studi "La Sapienza", Rome, Italy.

PROFESSIONAL EXPERIENCE:

May 2026 – present: Theodora Shelton Pitney Professor in Environmental Studies. Princeton University.

September 2025 – present: Vice Dean, School of Engineering and Applied Science. Princeton University.

July 2023 – present: Professor, Civil & Environmental Engineering and High Meadows Environmental Institute. Princeton University.

July 2020 – June 2023: Professor, Civil & Environmental Engineering. The University of Iowa.

February 2018 – August 2022: Director, IIHR—Hydroscience & Engineering. The University of Iowa.

August 2017 – February 2018: Interim Director, IIHR-Hydroscience & Engineering. The University of Iowa.

December 2016 – August 2017: Associate Director, IIHR-Hydroscience & Engineering. The University of Iowa.

July 2016 – June 2020: Associate Professor, Civil & Environmental Engineering. The University of Iowa.

July 2016 – August 2017: Director of Graduate Studies, Civil & Environmental Engineering. The University of Iowa.

June 2012 – June 2016: Assistant Professor, Civil & Environmental Engineering. The University of Iowa.

June 2012 – June 2023: Research Engineer, IIHR-Hydroscience & Engineering. The University of Iowa.

August 2008 – May 2012: Willis Research Network Fellow.

August 2011 – May 2012: Associate Research Scholar, Civil & Environmental Engineering. Princeton University.

February 2012 – May 2012: Lecturer, Civil & Environmental Engineering. Princeton University.

August 2008 – July 2011: Research Associate, Civil & Environmental Engineering. Princeton University.

August 2003 – July 2008: Graduate Research Assistant, Hydrometeorology Group, IIHR – Hydroscience & Engineering. The University of Iowa. Adviser: Prof. W.F. Krajewski.

December 2003 – December 2004: President of SIIHR (Students of Iowa Institute of Hydraulic Research), The University of Iowa, Iowa City, USA

December 2003 – December 2004: President of SIAHR (University of Iowa Student Chapter, International Association of Hydraulic Engineering and Research), The University of Iowa, Iowa City, USA

AWARDS AND FELLOWSHIPS:

May 2026: "Theodora Shelton Pitney Professor in Environmental Studies" awarded by Princeton University.

May 2022: "*Faculty Excellence Award for Research*" by the College of Engineering at the University of Iowa.

April 2021: "*Hot List of the world's 1,000 top climate scientists*" by Reuters.

November 2020: "*2020 Highly Cited Researcher*" by Clarivate Web of Science.

July 2020 – June 2023: "*Robert & Virginia Wheeler Faculty Fellow in Engineering*" awarded by the College of Engineering at the University of Iowa.

May 2018: Fellow in the "*2018-2019 Big Ten Academic Alliance (BTAA) Academic Leadership Program (ALP).*"

April 2017: "*2017 Water Young Investigator Award*" awarded by Water.

December 2016: "*Fellow*" awarded by the American Geophysical Union.

December 2016: "*James B. Macelwane Medal*" awarded by the American Geophysical Union.

April 2014: "*NSF CAREER Award*" for the proposal entitled "CAREER: Temporal Clustering of Hydrometeorological Extremes"

February 2014: "*Editor's Award – Journal of Climate*" awarded by the American Meteorological Society (AMS). Citation: "For thorough, prompt, and fair reviews on topics addressing the interface between water, statistics, and climate."

January 2014: "2014 *Old Gold Summer Fellowship*" awarded by The University of Iowa.

December 2013: Nominated to represent The University of Iowa for the "*2014 Blavatnik Award for Young Scientists*" in the Physical Sciences & Engineering Category.

April 2013: "*Hydrological Sciences Outstanding Young Scientist Award*" awarded by the European Geosciences Union (EGU). Citation: "For innovative studies in the field of remote sensing of rainfall, flood prediction, and hydroclimatological trend analysis."

September 2012: "*Premio Torricelli*" awarded by the Gruppo Italiano di Idraulica for the best young Italian researcher in hydrology and hydraulics. Citation: "Per la vasta produzione scientifica caratterizzata da importanti contributi nel settore dell'idrometeorologia e della previsione delle piene." ("For the vast scientific production characterized by important contributions in the field of hydrometeorology and flood prediction").

Fall 2006 – Summer 2008: NASA Earth System Science (ESS) Fellowship, National Aeronautics and Space Administration (Code Y), USA.

January 2008: Center for Global and Regional Environmental Research (CGRER) Graduate Student Travel Award, The University of Iowa, Iowa City, Iowa, USA.

December 2007: *Outstanding Student Paper Award*, Hydrology Section of the American Geophysical Union (AGU), 2007 Fall Meeting, San Francisco, California, USA.

July 2007: Center for Global and Regional Environmental Research (CGRER) Graduate Student Travel Award, The University of Iowa, Iowa City, Iowa, USA.

March 2007: Third Place in the Mathematical, Physical Sciences and Engineering Division, The University of Iowa 2007 Ninth Annual James F. Jakobsen Graduate Conference, The University of Iowa, Iowa City, Iowa, USA.

Fall 2006: Graduate Incentive Fellowship (GIF), The University of Iowa, Iowa City, Iowa, USA.

Fall 2003 – Summer 2006: Graduate Research Assistantship, IIHR–Hydroscience & Engineering, The University of Iowa, Iowa City, Iowa, USA.

July 2006: Center for Global and Regional Environmental Research (CGRER) Graduate Student Travel Award, The University of Iowa, Iowa City, Iowa, USA.

May 2006: Graduate Student Senate Travel Funds Award, The University of Iowa, Iowa City, Iowa, USA.

April 2006: Travel grant by the World Meteorological Organization to present at the Second International Symposium on Quantitative Precipitation Forecasting and Hydrology, Boulder, Colorado.

March 2006: Third Place in the Mathematical, Physical Sciences and Engineering Division, The University of Iowa 2006 Eighth Annual James F. Jakobsen Graduate Conference, The University of Iowa, Iowa City, Iowa, USA.

January 2006: Center for Global and Regional Environmental Research (CGRER) Graduate Student Travel Award, The University of Iowa, Iowa City, Iowa, USA.

October 2005: Travel grant to attend the International Conference on Civil and Environmental Engineering 2005 (ICCEE05), Hiroshima, Japan.

October 2004: International Programs Graduate Student Travel Award, The University of Iowa, Iowa City, Iowa, USA.

PROFESSIONAL SOCIETIES:

American Geophysical Union (AGU); *American Meteorological Society (AMS)*

STUDENTS AND POST-DOCTORAL RESEARCHERS:

Research Scientists

- Wei Zhang (2017-2020)
- Hanbeen Kim (2024-)
- Taereem Kim (2024-)

Post-Doctoral Researchers

- David A. Lavers (2013-2014)
- Kaustubh Salvi (2015-2016)
- Abdou Khouakhi (2015-2016)
- Louise Slater (2015-2016)
- Alan Black (2015-2016)
- Wei Zhang (2016-2017)
- Manuel F. Ríos Gaona (2017-2018)
- Vittal Hari (2018-2019)
- Hanbeen Kim (2021-2024)
- Taereem Kim (2022-2024)
- Nanditha (2023-2025)
- Donghui Li (2024-)
- Tianjiao Pu (2024-)

Ph.D. Students

- Iman Mallakpour (2012-2016)
- Munir Nayak (2013-2016)
- Nancy Barth (2015-2018)
- Jessica Ayers (2017-2021)
- Zhiqi Yang (2017-2021)
- William Veatch (2018-2022)
- Sadya Islam (2020-2024)
- Lily Kraft (2021-2024)
- Alexander Michalek (2021-2026)
- Renato Amorim (2021-2026)
- Sarah Maebius (2024-)
- Manjaree Binjolkar (2024-)
- Lara Tobias-Tarsh (2025-)

M.S. Students

- Scott Rowe (2012-2014)
- Beda Luitel (2013-2016)
- Yog Aryal (2015-2017)
- Alex Morrison (2017-2019)

Undergraduate Students

- Anda Shi (2014-2015)
- Alexa Hanson (2016-2017)
- Lara Gavin (2021-2021)
- Katey Namanny (2020-22)
- Laura Zepeski (2021-22)
- Lauren Owens (2024-2025)
- Claire Meng (2025-2026)
- Jessica Bressman (2025-2026)

Visiting Students and Researchers

- Ignazio Giuntoli (2014)
- Dr. Dhanya C.T. (2015)
- Evan Cunningham (2016)
- Andrea Neri (2017-2018)
- Arianna Miniussi (2018-2019)
- Ottavio Cavalcanti (2019)
- Bo Pang (2019-2020)
- Meifang Ren (2019-2020)
- Dario Treppiedi (2022)
- Roberto Quaglia (2022)
- Herminia Torelló I Sentelles (2023-2024)
- Zifeng Deng (2024)
- Flavia Marconi (2024)
- Maria Francesca Caruso (2024-2025)
- Cosimo Carniel (2024)
- Yixin Yang (2025-2026)

FUNDED PROJECTS:

- Source of Support: High Meadows Environmental Institute - Princeton University
  Co-PI. Title: Environmental Predictability as a Driver of Savanna Plant Trait Variation
  Total award: $100,000. Award to Villarini: $50,000
  [07/01/202026 – 06/30/2028]

- Source of Support: Princeton University
  Lead PI. Title: 2026 Intellectual Property Accelerator Fund
  Total award: $93,448. Award to Villarini: $0
  [04/01/202026 – 063/31/2027]

- Source of Support: School of Engineering and Applied Science - Princeton University

Lead PI. Title: Cluster of Excellence for Land-to-Ocean Contaminant Modeling
Total award: $50,000. Award to Villarini: $0
[07/01/2026 – 06/30/2027]

- Source of Support: High Meadows Environmental Institute - Princeton University
  Co-PI. Title: A High-Resolution Modeling Framework to Address Coastal Hypoxia in the Indian Ocean under Current and Future Conditions
  Total award: $183,500. Award to Villarini: $91,750
  [01/01/202026 – 12/31/2027]

- Source of Support: Private Company
  Lead PI. Title: Flood Risk Scoring across the Delaware and Susquehanna River Basins
  Total award: $100,000. Award to Villarini: $100,000
  [11/01/2025 – 05/31/2026]

- Source of Support: MS Chadha Center for Global India (CGI) - Princeton University
  Lead PI. Title: Toward a Skillful Forecasting of Regional Precipitation and Extremes over Chennai Metro
  Total award: $34,946.81. Award to Villarini: $34,946.81
  [7/1/2025 – 6/30/2026]

- Source of Support: Department of Defense
  Lead PI. Title: Assessment of Extreme Weather Predictions in Support of DoD Activities to Bridge Across the One-to-Ten-Year Forecasting Window
  Total award: $867,550. Award to Villarini: $663,567
  [12/12/2024 – 12/11/2026]

- Source of Support: FM
  Lead PI. Title: Joint Research Agreement
  Total award: $500,833. Award to Villarini: $500,833
  [1/1/2025 – 12/31/2027]

- Source of Support: Department of Defense (subward)
  Lead PI. Title: Improving Climate Resilience of DOD Installation and Surrounding Community Infrastructure RC Project
  Total award: $25,370. Award to Villarini: $25,370
  [11/15/2024 – 12/21/2026]

- Source of Support: State of Louisiana Office of Community Development (subaward)
  Lead PI. Title: Office of Community Development, State of Louisiana CEA: Coastwide Transition Zone Compound Flooding Implementation
  Total award: $75,000. Award to Villarini: $75,000
  [5/1/2024 – 12/31/2024]

- Source of Support: Department of Defense

Lead PI. Title: Intergovernmental Personnel Act (IPA) with the Department of Defense: Hydrologic and Flood Risk Products
Total award: $81,833.34. Award to Villarini: $81,833.34
[07/18/2024 – 01/31/2026]

- Source of Support: Engineer Research and Development Center (ERDC) Broad Agency Announcement (BAA)
  Lead PI. Title: Probabilistic predictions of rainfall associated with tropical cyclones over land
  Total award: $391,000. Award to Villarini: $391,000
  [8/23/2024 – 8/22/2027]

- Source of Support: Cooperative Institute for Modeling the Earth System
  Lead PI. Title: Expanding the capabilities of the SHiELD modeling framework to high-resolution flood inundation modeling
  Total award: $112,300. Award to Villarini: $112,300
  [7/1/2024 – 2/28/2026]

- Source of Support: North Atlantic Treaty Organization
  Lead PI. Title: NATO STO CMRE (Science and Technology Organisation - Centre for Maritime Research and Experimentation) – Year 2
  Total award: $120,000. Award to Villarini: $120,000
  [2/27/2024 – 12/31/2024]

- Source of Support: City of Jacksonville (subaward)
  Lead PI. Title: Citywide Probabilistic and Compound Flood Model and Real Time Forecasting System
  Total award: $50,000. Award to Villarini: $50,000
  [1/1/2024 – 6/30/2024]

- Source of Support: National Oceanic and Atmospheric Administration (subaward)
  PI. Title: Co-LEARN: A Midwestern Community of Learning for Empowerment, Climate Adaptation and Resilience for the Next Generation
  Total award: $6,000,000. Award to Villarini: $176,169
  [9/1/2023 – 8/31/2028]

- Source of Support: Texas Water Development Board (subaward)
  Lead PI. Title: Literature Review on relevant models & probabilistic analysis for flood hazard characterizations, and development of workflows for compound flood hazard assessment in the Coastal Texas Region
  Total award: $105,861. Award to Villarini: $105,861
  [8/1/2023 – 2/1/2024]

- Source of Support: North Atlantic Treaty Organization
  Lead PI. Title: NATO STO CMRE (Science and Technology Organisation - Centre for Maritime Research and Experimentation)

Total award: $159,000. Award to Villarini: $159,000
[8/1/2023 – 1/31/2024]

- Source of Support: National Oceanic and Atmospheric Administration (subaward)
  Lead PI. Title: Building relationships of reciprocity among researchers and marginalized groups for resilience in the Central Midwest
  Total award: $99,954. Award to Villarini: $47,120
  [12/1/2022 – 11/30/2024]

- Source of Support: Department of Defense
  Lead PI. Title: Development of a decision support aid system connecting climate model downscaling and DoD infrastructure
  Total award: $1,217,735. Award to Villarini: $487,074
  [12/1/2022 – 11/30/2025]

- Source of Support: US Department of Housing and Urban Development (subaward)
  Lead PI. Title: GLO Flood Studies - Region 1 (Phase 3)
  Total award: $267,895. Award to Villarini: $267,895
  [10/21/2022 – 08/14/2023]

- Source of Support: US Department of Housing and Urban Development (subaward)
  Lead PI. Title: GLO Flood Studies - Region 2 (Phase 3)
  Total award: $292,120. Award to Villarini: $292,120
  [09/25/2022 – 07/01/2024]

- Source of Support: National Institutes of Health
  Co-PI. Title: Statistical and agent-based modeling of complex microbial systems: A means for understanding enteric disease transmission among children in urban neighborhoods of Kenya
  Total award: $109,453. Award to Villarini: $20,826
  [08/30/2022 – 05/31/2023]

- Source of Support: Office of the Vice President for Research, University of Iowa
  Lead PI. Title: Building Connected Communities in Rural Watersheds: Collaborative Partnerships for Actionable Science
  Total award: $50,000. Award to Villarini: $50,000
  [06/01/2022 – 05/31/2023]

- Source of Support: US Department of Housing and Urban Development (subaward)
  Lead PI. Title: Statewide high-resolution tropical cyclone rainfall generator and error/bias quantification for Louisiana
  Total award: $50,000. Award to Villarini: $50,000
  [04/01/2022 – 09/30/2022]

- Source of Support: U.S. Geological Survey (via the Iowa Water Center)

Lead PI. Title: Understanding the impacts of corona virus-related reduction in aerosols and pollution on precipitation and discharge across Iowa
Total award: $20,000. Award to Villarini: $20,000
[09/01/2021 – 08/31/2022]

- Source of Support: US Department of Housing and Urban Development (subaward)
  Lead PI. Title: GLO Flood Studies - Region 2 (TGL20583)
  Total award: $83,020. Award to Villarini: $83,020
  [05/27/2021 – 04/26/2022]

- Source of Support: US Department of Housing and Urban Development (subaward)
  Lead PI. Title: Flood Studies within Combined River Basins For Texas (GLO): Dannenbaum
  Total award: $191,500. Award to Villarini: $191,500
  [05/11/2021 – 03/15/2023]

- Source of Support: US Department of Housing and Urban Development (subaward)
  Lead PI. Title: Probabilistic modeling of rainfall associated with tropical cyclones affecting Louisiana
  Total award: $190,095. Award to Villarini: $190,095
  [04/01/2019 – 11/01/2021]

- Source of Support: Willis Tower Watson
  Co-PI. Title: Towards Physically Based and Usable Climate Event Scenarios
  Total award: $13,457. Award to Villarini: $13,457
  [01/01/2021 – 12/31/2021]

- Source of Support: National Aeronautics and Space Administration
  Lead PI. Title: Impacts of Coronavirus-driven Reduction in Aerosols on Precipitation in the Western United States
  Total award: $63,374. Award to Villarini: $63,374
  [08/06/2020 – 02/05/2021]

- Source of Support: U.S. Army Corps of Engineers
  Lead PI. Title: 2020 IPA with USACE
  Total award: $150,000. Award to Villarini: $150,000
  [07/01/2020 – 12/31/2022]

- Source of Support: Iowa Department of Transportation
  Lead PI. Title: Projected Changes in Flood Peak Discharge across Iowa: A Flood Frequency Perspective
  Total award: $313,923. Award to Villarini: $313,923
  [03/01/2020 – 02/28/2023]

- Source of Support: National Science Foundation

Co-PI. Title: Support for Young Investigator Participation at the 8th International Conference on Flood Management (ICFM8), Iowa City, August 17-19, 2020
Total award: $45,405. Award to Villarini: $0
[12/01/2019 – 11/30/2020]

- Source of Support: Thomas Jefferson Fund
  Lead PI. Title: Attribution and Projections of Changes in Discharge Across Africa and the Euro-Mediterranean Region
  Total award: $10,000. Award to Villarini: $10,000
  [09/01/2019 – 08/31/2021]

- Source of Support: National Science Foundation
  Lead PI. Title: Quantification of the Impacts of Urban Areas on Heavy Rainfall and Flooding from North Atlantic Tropical Cyclones
  Total award: $399,934. Award to Villarini: $399,934
  [04/15/2019 – 03/31/2023]

- Source of Support: U.S. Army Corps of Engineers
  Lead PI. Title: 2018 IPA with USACE
  Total award: $160,000. Award to Villarini: $160,000
  [09/01/2018 – 12/31/2020]

- Source of Support: Center for Global & Regional Environmental Research
  Co-PI. Title: Detection, Attribution and Projection of Changes in Temperature Extremes, Heat Waves and Heat Stress across the U.S. Midwest
  Total award: $35,000. Award to Villarini: $35,000
  [07/01/2018 – 06/30/2019]

- Source of Support: US Department of Housing and Urban Development (subaward)
  Lead PI. Title: Hydrometeorological Impacts on Water Quantity and Quality across Iowa's Streams
  Total award: $253,496. Award to Villarini: $253,496
  [01/01/2017 – 12/31/2019]

- Source of Support: National Science Foundation
  Co-PI. Title: NRT-INFEWS: Paths to Sustainable Food-Energy-Water Systems in Resource-Limited Communities
  Total award: $2,999,869. Award to Villarini: $220,000
  [08/30/2016 – 08/29/2021]

- Source of Support: U.S. Army Corps of Engineers
  Lead PI. Title: Water Resources and Geospatial Analysis: Attribution of Changes and Evaluation of Actionable Climate Information across the Northern Great Plains and the Central United States
  Total award: $384,471. Award to Villarini: $384,471
  [12/28/2015 – 06/30/2018]

- Source of Support: National Oceanic and Atmospheric Administration
  Lead PI. Title: NMME Precipitation and Temperature Forecasts for the Continental United States and Europe: Diagnostic Evaluation and Development of Multi Model Applications
  Total Award: $69,999. Award to Villarini: $69,999
  [08/01/2015 – 07/31/2016]

- Source of Support: U.S. Army Corps of Engineers
  Lead PI. Title: U.S. Army Corps of Engineers (USACE) Research Participation Program - Nancy Barth
  Total Award: $165,618. Award to Villarini: $165,618
  [06/01/2015 – 05/31/2018]

- Source of Support: U.S. Geological Survey
  Lead PI. Title: Development of a Comprehensive Hazard to Loss Modeling Methodology for the Residential Damage Associated with Inland Flooding from North Atlantic Tropical Cyclones
  Total award: $119,532. Award to Villarini: $119,532
  [09/01/2014 – 08/31/2016]

- Source of Support: U.S. Army Corps of Engineers
  Lead PI. Title: IPA Agreement with USACE
  Total award: $75,000. Award to Villarini: $75,000
  [09/01/2014 – 08/31/2015]

- Source of Support: National Aeronautics and Space Administration
  Lead PI. Title: Remote-sensing Based Characterization of Rainfall Associated with Atmospheric Rivers
  Total award: $90,000. Award to Villarini: $90,000
  [09/01/2014 – 08/31/2017]

- Source of Support: Iowa Nutrient Research Center
  Lead PI. Title: Modeling of Nitrate Loads and Concentrations in the Raccoon River
  Total award: $50,000. Award to Villarini: $50,000
  [07/01/2014 – 06/30/2015]

- Source of Support: Center for Global & Regional Environmental Research
  Lead PI. Title: How Is Discharge Projected to Change for an Agricultural Watershed in Iowa Over the 21st Century?
  Total award: $30,000. Award to Villarini: $30,000
  [07/01/2014 – 06/30/2015]

- Source of Support: National Science Foundation
  Lead PI. Title: CAREER: Temporal Clustering of Hydrometeorological Extremes
  Total award: $508,405. Award to Villarini: $508,405
  [05/01/2014 – 04/30/2019]

- Source of Support: U.S. Geological Survey (via the Iowa Water Center)
  Lead PI. Title: Development of a Framework for Discharge Forecasting over Iowa
  Total award: $59,929. Award to Villarini: $59,929
  [04/15/2014 – 04/14/2016]

- Source of Support: NOAA Programs for Disaster Relief Appropriation Act –Non Construction and Construction (subaward)
  Lead PI. Title: Skillful Prediction of Seasonal Hurricane Frequency, Track and Fall
  Total award: $234,537. Award to Villarini: $234,537
  [12/01/2013 – 02/28/2018]

- Source of Support: National Science Foundation
  Lead PI. Title: Collaborative Research: Understanding and Forecasting North Atlantic and US Landfalling Tropical Cyclone Activity and Associated Rainfall
  Total award: $263,206. Award to Villarini: $263,206
  [09/01/2013 – 08/31/2016]

- Source of Support: U.S. Army Corps of Engineers
  Lead PI. Title: IPA Agreement with USACE
  Total award: $27,888. Award to Villarini: $27,888
  [09/01/2013 – 07/31/2014]

- Source of Support: U.S. Army Corps of Engineers
  Lead PI. Title: IPA Agreement with USACE
  Total award: $200,000. Award to Villarini: $200,000
  [09/26/2012 – 08/31/2014]

SERVICE:

- *January 2023 – present*: member of the American Meteorological Society (AMS) Probability and Statistics Committee.

- *October 2020 – present*: Editor-in-Chief for Advances in Water Resources.

- *April 2014 – present*: Associate Editor for Journal of Climate.

- Co-chair of the "Hydrometeorologic extremes: prediction, simulation, and change" session; AGU 2020-202e Fall Meeting.

- *July 2018 – June 2023*: Member of the Iowa Water Center Advisory Board.

- *January 2017 – June 2023*: Representative of the University of Iowa to the Consortium of Universities for the Advancement of Hydrologic Science (CUAHSI).

- *March 2015 – September 2020*: Associate Editor for Advances in Water Resources.

- *November 2015 –2016*: member of the American Meteorological Society (AMS) Flash Flood Statement Update Team.

- *July 2010 – 2015*: member of the American Geophysical Union (AGU) Precipitation Committee.

- *January 2011 – 2014*: member of the U.S.-CLIVAR Working Group on Hurricanes and Climate.

- Co-chair of the "Hydroclimatic Extremes: Estimation and Forecasting" session; AGU 2013 Fall Meeting.

- Invited Participant, NOAA National Climate Assessment Forum on Heatwaves, Cold Waves, Floods, and Droughts, 2011.

- *November 2010:* member of a National Academy of Sciences delegation meeting with members of the Ukrainian Academy of Sciences.

- Article reviewer for: Advances in Water Resources; Annals of Geophysics; Asia-Pacific Journal of Atmospheric Sciences; Atmospheric Research; Atmospheric Science Letters; Australian Meteorological and Oceanographic Journal; Bulletin of the American Meteorological Society; Climate Dynamics; Climatic Change; Earth-science Reviews; Earth System Dynamics; Environmental Engineering and Management Journal; Environmental Research Letters; Environmental Science & Technology; Geophysical Research Letters; Hydrological Processes; Hydrological Sciences Journal; Hydrology and Earth System Sciences; IEEE Geoscience and Remote Sensing Letters; IEEE Transactions on Geoscience and Remote Sensing; International Journal of Climatology; International Journal of River Basin Management; Journal of Applied Meteorology and Climatology; Journal of Atmospheric Sciences; Journal of Climate; Journal of Flood Risk Management; Journal of Geophysical Research; Journal of Hydro-Environment Research; Journal of Hydrologic Engineering; Journal of Hydrology; Journal of Hydrometeorology; Journal of Mountain Science; Journal of the American Water Resources Association; Monthly Weather Review; Natural Hazards; Natural Hazards and Earth System Sciences; Natural Hazards Review; Nature; Nature Climate Change; Nature Communications; Nature Geoscience; One Earth; Physical Geography; Proceedings of the National Academy of Sciences; Quarterly Journal of the Royal Meteorological Society; Regional Environmental Changes; Philosophical Transactions A; Science; ScienceAsia; Scientific Reports; Stochastic Environmental Research and Risk Assessment; Tellus A; Water Resources Management; Water Resources Research; Weather and Forecasting; Weather, Climate, and Society.

- Proposal reviewer for: City University of New York; Department of Defense; Department of Energy; Deutsche Forschungsgemeinschaft (DFG); Global and Regional Environmental

Research; National Science Foundation; Netherlands Organisation for Scientific Research; U.S. Bureau of Reclamation; U.S. Geological Survey.

- Book reviewer for: American Geophysical Union; Springer.
